

## Well-proven solution for:

- Shopping malls/supermarkets
- Airports/train stations
- Car dealerships/retail
- Hotels/restaurants

## Digital Signage in Full HD!

### AVX SMIL player PRO AS – Digital Signage in highest quality

The LionDATA AVX SMIL player PRO AS is a high-end player system that combines maximum power saving and reliability. Convince yourself of its brilliant video quality and close-to-Hi-Fi sound, both in highest digital quality (up to Full HD).

### Both power efficiency and small service costs ensure extremely low TCOs

Approved worldwide, the player comes without fan and moving parts, hence promising a maximum in reliability and extremely low TCOs (total cost of ownership) during project lifetime. With only 6W of power consumption it saves up to 90% compared to a PC, thus can legitimately be labelled "GreenIT ready".

“ original LionDATA –  
the experts in visualisation
